

:: Clean `n Care

hand cleaner

CHARACTERISTICS

Car System Clean `N Care is a special heavy-duty hand cleaner to remove paint, adhesives, resin, dyes, etc. from your skin. Clean `N Care is especially gentle and contains no harsh solvents, thinners or paraffin. The product contains fine, non-irritating microgranules to increase cleaning power without harming your skin. Clean `N Care's components keep your skin soft and supple even if you use it frequently.

This product is silicon-free and wax-free.

APPLICATION

If used properly, Clean `N Care is very beneficial for your skin. For the best protection from contact with two-component materials, use Car System Clean `N Care regularly.

SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest Technical Data Sheet, which should be demanded, apply. Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
