Paint System CPS 2.0

Disposable paint cup system with ring lock

V01 03/2024

Description

Disposable paint cup system with ring lock

Area of application

- For processing water-based and solvent-based paint system

Benefits

- Upside down painting is possible
- Clean work due to mixing in the painting cup
- Storage of residual material is possible
- Current Carsystem adapters can be used

Application advice

We recommend to empty the paint channel before removing the cup: Hold the gun upside down, close the nozzle and pull the trigger briefly. The paint channel is now completely empty and the cup can be removed without dripping.
